

**CANDIDATE FOR MAYOR
CITY OF RANCHO CUCAMONGA**

NAME: WILLIAM ALEXANDER

AGE: 63

OCCUPATION: Mayor, City of Rancho Cucamonga

Over the past ten years, Rancho Cucamonga has become one of the finest communities in our State. The community has emphasized public safety, recreation, library services, senior citizens' needs, transportation enhancements, youth sports, and numerous other priorities.

High quality commercial centers have located in our community and numerous professional and high tech businesses have relocated corporate headquarters to Rancho Cucamonga.

A new library has been constructed in our City and a premier Cultural and Performing Arts Center is now a reality in the beautiful Victoria Gardens.

Although many challenges are before us, I remain committed to seeing that our standards remain high and all of our citizens' voices are heard. Rancho Cucamonga is great City because we've all been part of the process, not because any politician has made it happen.

Through all these exciting times you have trusted me with your confidence and your advice. I have listened and turned much of your input and concerns into a reality.

I would be honored to continue serving you, should it be your choice.
